The mission says

Yes!!

If you talk about it, you will be searched, and better assume to lose your lives

Steal's top secret action

It didn't matter if they were women or children, every Nidama was a target

They are there too

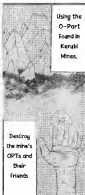

who had caused rebellion

Taking our time like this

Using the O-Port Found in Kanabi Mines,

re-rebel bastard

Destroy the mine's O-Port and their friends

S THE 4 NUMBER OF BEAST 666 N

I even held pride
over the fact that
I was in this mission

I believed that Saigon was justifiable, and didn't know or

In order to not leak the information about the O-Port, the plan was made

In order for
Sieg to turn
the high ranking
G-Part that
they found into
a secret
weapon.

But later on,
I learnt that
Kangbi's CPDs
didn't rebel
